Final Course Evaluation

Machine Learning - Fall 2024, Lecture (FA24:CSCI-GA:2565:1:001)

Logistics

- Aim your talk around 3 minutes. Hard stop at 4 minutes

- How to show good respect to presenters? Ask good questions! (participation score)

- Save your question at the end of each presentation. Announce your name and group number so we can take notes.

Final Report

- Submit your code and report PDF as a zip file.

- Due: Dec 13 at noon

- Use the LaTeX template from the course website!
  https://nyu-cs2565.github.io/2023-fall/#project

- Instructions and rubrics on the course website.

- Dec 14: Self and peer eval questionnaire. Mandatory for receiving a mark.
